## GinkGo 2023 Electric Specification

BSA 73 mm BB shell Tapered headtube 12 x 142 mm thru axle Up to 180 mm disc rotor With 622 mm (28") road wheels the max tire width is 50 mm and with 27.5" MTB wheels the maximum tire width is 2.25"  Drive Brose S ALU drive Torque 90 Nm Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels 700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand Black anodized aluminum alloy kick stand with replaceable feet  Steering Black anodized aluminum rod, links and and stainless steel fasteners  Fork Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	3020, or RAW
12 x 142 mm thru axle Up to 180 mm disc rotor With 622 mm (28") road wheels the max tire width is 50 mm and with 27.5" MTB wheels the maximum tire width is 2.25"  Drive  Brose S ALU drive Torque 90 Nm Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Up to 180 mm disc rotor With 622 mm (28") road wheels the max tire width is 50 mm and with 27.5" MTB wheels the maximum tire width is 2.25"  Drive  Brose S ALU drive Torque 90 Nm Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
With 622 mm (28") road wheels the max tire width is 50 mm and with 27.5" MTB wheels the maximum tire width is 2.25"  Drive Brose S ALU drive Torque 90 Nm Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels 700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand Black anodized aluminum alloy kick stand with replaceable feet  Steering Black anodized aluminum rod, links and and stainless steel fasteners  Fork Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
and with 27.5" MTB wheels the maximum tire width is 2.25"  Drive Brose S ALU drive Torque 90 Nm Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels 700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand Black anodized aluminum alloy kick stand with replaceable feet  Steering Black anodized aluminum rod, links and and stainless steel fasteners  Fork Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Torque 90 Nm Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Maximum assistance 380% Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Assistance up to 25 km/h Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels 700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand Black anodized aluminum alloy kick stand with replaceable feet  Steering Black anodized aluminum rod, links and and stainless steel fasteners  Fork Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Continuous rated power 250W Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Walk assist 36 Volt, 11 Ah, 396Wh Battery  Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Group set  Shimano XT throughout 1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
1x11 drivetrain Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Front brake 160 mm disc Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Rear brake 180 mm disc Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Narrow-wide 34T chainring Hollowtech II crankset  Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Wheels  700c / 622 mm or 27,5"/ 584 mm Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Thru axle (see frame and fork) 32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
32 hole rims, double walled Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand Black anodized aluminum alloy kick stand with replaceable feet  Steering Black anodized aluminum rod, links and and stainless steel fasteners  Fork Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Stainless steel spokes with brass nipples Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Sturdy urban tires Tubes with Presta valves  Kick stand  Black anodized aluminum alloy kick stand with replaceable feet  Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Tubes with Presta valves  Kick stand Black anodized aluminum alloy kick stand with replaceable feet  Steering Black anodized aluminum rod, links and and stainless steel fasteners  Fork Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Steering  Black anodized aluminum rod, links and and stainless steel fasteners  Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Fork  Carbon fork with tapered steerer (comes in black only) 15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
15 x 100 mm thru axle PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
PM attachment for disc brake. For 160 mm disc Max tire width with mud guards is 50 mm or 2.25" with 27.5" wheels  Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Also included  Black aluminum alloy seat post Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Saddle Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Mud guards Black flat aluminum alloy handlebar Comfortable grips	
Black flat aluminum alloy handlebar Comfortable grips
